## Clover Farm Food Stores Celebrating Their Grand Opening Sale

Clover Farm Stores in this area are celebrating the beginning of regular operations with a Grand Opening Sale of extraordinary grocery values beginning Friday morning and continuing for a week.

The Hamlin Clover Farm Store is owned and operated by A. D. Ensey, and the McCaulley Clover Farm store by Cliff Crowley. These attractively modernized stores have been heavily stocked with a large variety of quality foods in preparation for this Opening Sale event. Numerous special purchases of merchandise have been made for this sale, many of them from manufacturers, packers and producers in Texas, as it always is Clover Farm policy to work as largely as possible with local suppliers.

The Clover Farm stores are individually owned and operated in their respective communities. While ownership of the store remains local, and the income resulting from local business remains in the community, the stores are affiliated with the national Clover Farm organization for the purpose of offering to the public top quality merchandise at the very lowest prices available through mass buying.

The supply house servicing Clover Farm stores in this community is the Waples-Platter Company, Stamford, who also operate grocery wholesale houses at numerous other Texas towns and also have branches in Oklahoma and New Mexico. Manager of the Waples-Platter Company at Stamford is George H. Zachery.

The new group will be known as the Longhorn Division of Clover Farm Stores. Two other divisions are at present operating in Texas, the Bluebonnet division at Fort Worth, and the Lone Star division at Dallas. Other divisions are to be established in the near future.

The Waples-Platter Company is one of the oldest business concerns in Texas. It was established in 1872 at Denison when the Missouri, Kansas and Texas railroad built into the Gate City.

The national Clover Farm organization consists of several thousand stores in twenty six states from the Atlantic Coast to the Rocky Mountains and from Texas to the Canadian border. Their national headquarters is located at Cleveland, Ohio where standards and grades for Clover Farm brands of merchandise are established and where these requirements are maintained through laboratory, kitchen and "use" tests. All Clover Farm brands of merchandise are highest quality—the brand being known as a quality line. All stores in addition to offering Clover Farm brands of merchandise also continue to offer a complete line of the other brands that also are popular in this locality.

Mrs. Tate May and son, James Tate, returned Wednesday from Coleman where they visited Mrs. May's mother, Mrs. Delia McIntosh, and attended the old settlers' reunion with her.

## BURGLARS LOOT STAMFORD STORE

\$2,500 in currency and diamonds was taken from the L. Swartz and Co. store of Stamford sometime early Sunday morning. The robbery was discovered by Louis Rosenwasser, owner of the store, when he went to the store on an errand Sunday. Checks and important papers were disturbed but were not taken, he said.

Thieves entered the store by means of the roof, drilling holes and breaking out a portion of the ceiling. The knob was knocked off the safe and steel doors pried open. A fingerprint expert was in Stamford consulting with Chief of Police G. G. Flournoy and other local officers.

Fort Worth police arrested four Sunday and held them for questioning in connection with the burglary. A man and a woman were arrested early in the afternoon and coats found in the car led to the arrest of the other two later. Also found in the car, were dynamite caps, a length of dynamite fuse, a pistol and a set of burglars tools. Two of the arrested men had been released from the Texas Penitentiary less than two weeks ago, one having served four terms and the other two sentences.

The four held for questioning established alibis that they were in Ft. Worth at the time of the robbery and were released. Chief of Police Flournoy is still working on several "thin" clues in an effort to trace the thieves.

## HAMLIN WELL REPRESENTED IN FIDDLERS' CONTEST

The Old Fiddlers' Contest of the Satford Cowboy Reunion this year proved to be quite lively and entertaining. Of the 14 contestants participating, two were from Hamlin and both deserve special mention.

Mrs. John Ferguson, 73 years "young", placed fourth in the contest. Her lively fiddlin' brought much applause from the audience. Also "Grandma" Ferguson was outstanding, for she was the only woman to enter the contest.

Hamlin's other entrant was A. L. Butler, a "young" man of 76, who composed the words and music to one of his numbers entitled "The Stamford Rodeo." Mr. Butler has offered a copy of his song to anyone who will write him, asking for it.

Even though she has been confined to her room all these years, Mrs. Bledsoe still maintains a keen interest in life and is specially interested in every bit of improvement and progress of her home town. She keeps informed about the affairs of the nation and state through the daily press and will keep in touch with Hamlin happenings through the Herald.

## Oil Continues To Hold Interest In All Sections Of Jones-Fisher Co.'s

Hamlin has been in the "Oil Light" for about ten years and now oil wells don't excite this part of the county like it does some of our neighbors. Yet, the past few weeks there has been so much new discovery in our neighboring territory that even Hamlin has perked up her ears and is getting fidgety.

Talk about getting "fidgety" in Hamlin, there is in process of drilling, and now down past 3,300 feet, and if it's a "gusher," a stir will be felt in Hamlin, in western Jones County and in Stonewall County. We speak of the General Crude Bryan No. 1, on the edge of the highway just north of town, about one mile south of the big river bridge. There is a well for you. Really in wildcat territory and we are informed that the company means to sink a real test over there. Several big companies have leases in that part of the county.

## A BIG WELL COMES IN EAST OF AVOCA, SWEDE COMMUNITY

The wildest well yet found in Jones County is the new one on the Carl Olander farm. Now, this is a well that Stamford claims, and since it is about as near that good city on the east as Fisher County wells are on our west, then it might be called Stamford's well, or maybe Avoca's and we are sure Leuders also claims it. Be that as it may, some of the most handsome sums yet paid for leases in this county have been reported in that area. One thing people have learned about gushers is that they certainly benefit some people, but the "host" gets only a few crumbs, and hence it is hard to start a boom these days.

Geological reports indicate that Jones County has NOT been drilled out yet. The sand discovered in the Olander well would lead one to believe that strata of oil extends farther west but gradually deeper. For example, the T-Diamond Ranch well near the river will likely test whether there is any oil way down deep. They have one of the best drilling outfits yet seen in the country and all ears and eyes are keen on the outcome.

Now, let's get back to our own oil field. Let's remember that just west of Hamlin are perhaps 120 producing oil wells. Some big companies have heavy holding out there. There are miles and miles of pipe lines, miles and miles of high-power electric lines, pump stations, tank farms, and everything that goes with a steady "oil farming." Yes, even this week a new well came in and others are drilling and new locations are being staked.

Oil over near Rotan is warming up that little city quite a bit. As time passes they will perhaps have a large number of good wells, and

all that goes with them.

Just one thing all of us should keep in mind—don't let oil turn our towns into boom lots and boom grafters.

## THE SAFEWAY STORE MAKES IMPROVEMENT

If there is anything the Herald delights to see in our city and community, it is improvements for comfort and looks and conveniences.

Among the several improvements going on lately in and around Hamlin are some attractive features at the Hamlin Safeway Store.

Recently their old signs have been removed and very attractive signs now point the way. Along with the signs of course must be a lot of new painting and new colors and a general shine-up for general appearances.

The inside of the Safeway has had a number of new features installed. These lend comfort and convenience to the sales force and the customers. We note that a new style cool spray system is keeping a real freshness in the fruit and vegetable department. This, with a great whirl-a-gig air circulator, makes the entire floor one of moderate temperature if not exactly like the Arctic.

Gradually business houses are realizing that comfort for customers counts in the sales of the day, and hence we may expect more and more modern improvements on every hand.

## MAKES RADIO APPEARANCE

Miss Rosemary Carlton was heard over radio station KRBC Wednesday morning in a program of songs. Appearing with her was Miss Julie Beth Dozier of Anson. Miss Carlton is the daughter of Mr. and Mrs. Buren Carlton, who live southeast of Hamlin. She is a student of the Hamlin High School and will be a junior this next year.

## BOYD CHAPEL CHIRPS

Mr. G. W. Bristow is still quite ill. Mr. and Mrs. Willard Hudson of Clarksville spent part of last week visiting with Mr. and Mrs. Kerr Whitburg and Mr. and Mrs. Dorsey Bingham. Mrs. Whitburg returned home with them for a visit.

Mr. and Mrs. Delmer Estes visited with relatives of Jayton and Girard last week-end.

Mrs. Ida Dean is visiting with Mr. and Mrs. Alvin Dean.

Mr. and Mrs. Clinton Maberry of near Anson spent Sunday with Mr. and Mrs. J. P. Cornelius.

Several young people of this community spent Sunday with Ernest and Betty Cozzen.

Mrs. Ella Hale and son, J. P., of Girard are visiting with Mr. Ollie Estes and family.

Evelyn King of Tyler is spending the week with her cousin, Duane Brown.

Mrs. Buster Bingham has returned home and is improving in health.

Mrs. Bud Culver was hostess to the Willing Workers Club on Tuesday afternoon. The afternoon was spent in quilting. Delicious refreshments of cake and ice cream were

served to all present.

We of this community were very sorry to hear of the death of Mrs. Bryan Young of near Rotan on last Wednesday. Friends sympathize with Bryan and other relatives in the loss of their loved one.

Don't forget, folks, next Sunday is our regular singing afternoon. We have new books and expect a large crowd.

Mr. and Mrs. C. B. Rowland and their grandson, Brad Jr., and Mr. L. B. Pribble are spending a vacation this week in Ruidoso.

## HAMLIN INDEPENDENTS

### PLAYING NEW HOPE

On Sunday afternoon, July 18th, there will be a hot baseball game between the Hamlin Independents and the New Hope Panthers.

The Hamlin team will feature Agnew and McCoy as batters for the game. These two boys are hard to beat. Come on out Sunday and enjoy a good ball game.

Then next week about Wednesday or Thursday (the day not being set) come out and see these boys give the General Crude Oilers a hard battle.

## COLORED FOLKS

### CELEBRATE THEIR 18TH

(Below is a write-up by the colored folks of Hamlin and explains their 18th.)

"Negroes of Hamlin celebrated their 18th anniversary July 9-10. They came here 18 years ago following a bumper cotton crop, (right here let the Herald keep the record correct—it was in the fall of 1914 that the people of Hamlin sent for Negroes to gather a big crop—anyway here's their story) and have been here ever since.

"We appreciate the cooperation of the good white folks and we also appreciate our City Marshal on July 9-10. We were all lovely and happy and that beat the record of West Texas—not an arrest was made.

"One of the things we got lots of fun from was a boxing bout on July 10 between George Rivers of Hamlin and Dave McGrue of Sweetwater—8 round draw, so look out for old 'Santa Fe George' might come through again."

Now to help out the folks, we'll say they tried to have a picnic here on the Juneteenth, but it seems they split up and went elsewhere. The "Celebration" mentioned above had all the usual Negro features except a wedding. BUT—

## CHURCH WEDDING TUESDAY NIGHT

It was this past Tuesday night that

drew the crowd to the colored Methodist church in "The Flat"—both white and colored folks witnessed the ceremony by preacher Richard Jones. He united H. C. Otis and Ida Jackson in true and ancient style.

Otis has lived here a long time with the Day Farm and Ida has lived at the Prater home and has been one of the important helpers at the sewing room in the old city hall. Her mother recently became the possessor of some property in Waco and has made Ida a present of a home. So maybe there will be other celebrations.

The Herald has not heard of any colored people getting married in a church here, so this is NEWS.

Mrs. Levi Wilson, of Farmersville, and daughter, Mrs. Vance Littleton and little son, Vance Jr., of Cisco, were here Friday of last week visiting Mrs. J. C. Bledsoe and other friends.

# 8 EXTRA POUNDS OF RUBBER

**TAPPING RUBBER TREES ON FIRESTONE PLANTATIONS IN LIBERIA**

From these plantations come an ever increasing supply of rubber. Firestone saves in producing raw materials, manufacturing and distribution to give YOU more for your money.

**Another Reason Why FIRESTONE GIVES YOU SO MUCH Extra Value at No Extra Cost**

**YOU GET EXTRA PROTECTION AGAINST BLOWOUTS**—eight extra pounds of rubber are added to every 100 pounds of cord by the Firestone patented Gum-Dipping process. By this process every fiber in every cord in every ply is saturated with liquid rubber. This counteracts dangerous internal friction and heat that ordinarily destroy tire life.

**YOU GET EXTRA PROTECTION AGAINST PUNCTURES**—because under the tread are two extra layers of Gum-Dipped cords.

**YOU GET EXTRA PROTECTION AGAINST SKIDDING**—because the tread is scientifically designed.

**YOU GET LONGER NON-SKID MILEAGE** because of the extra tough, long-wearing tread.

Before leaving on your vacation trip, join the Firestone SAVE A LIFE Campaign by equipping your car with a set of new Firestone Standard Tires—today's top tire value.

## METHODIST CHURCH

We will have our regular services Sunday morning and the League Sunday evening.

Our Revival meeting is to begin the 12 of September running through the 26. Rev. B. L. Nance of Lubbock our conference assisted by Rev. Robert L. Butler of Farwell will have charge. Brother Nance is outstanding in his work as a Personal Evangelist. Brother Butler is serving his sixth year as pastor of Farwell. During the year 1934 he spent several months in the Holy Land. He has given lectures in many parts of the state. I believe that the people of Hamlin and surrounding communities will very much enjoy his messages from time to time. During his stay here he will deliver his lecture on the Holy Land.

We want everybody to feel a personal interest in the meeting. As pastor I am urgently asking each Methodist to make plans to attend each service. May we count upon each of you. Let each Christian pray for the success of the meeting.

Sincerely, H. W. Hanks.  
Pastor

Mr. and Mrs. O. D. Conner, of Lawton, Oklahoma, are announcing the birth of a daughter on July 11, 1937. The little lady is named Rose Marie and weighs 7 pounds and 9 ounces.

O. D. Conner is a former Hamlin boy and is now in Government service and is stationed at Fort Sill, Oklahoma. He and his wife visited his parents in Hamlin about a year ago.

DON'T SCRATCH! Paracide Ointment is guaranteed to relieve itching caused by Exema, Piles, Athletes Foot, Itch or other skin irritation. Large Jar on 50c at

## REVIVAL MEETING AT NEINDA

The revival meeting at Neinda is in full swing. Good crowds are attending both the morning and the evening services. Rev. J. R. Bateman of McCaulley is the pastor and Rev. H. W. Hanks of Hamlin is doing the preaching. Everything gives promise of a good meeting.

B. E. Clements, who has been spending the year with his daughter, Mrs. Howell, in Rochester, is visiting here in the home of his son, Ira Clements, and family. Mr. Clements is one of Hamlin's real pioneers. He and his family were among the early home builders of this city, and Mr. Clements still owns a home here, but because of ill health he has been living with his daughter in Rochester.

Mr. and Mrs. Paul Cain and little son, John Paul, returned Thursday of last week from a two weeks vacation. They visited Mr. Cain's parents in Alba and a brother in Kirbyville. They also visited New London and a number of other points in east Texas.

## CARD OF THANKS

We wish to express our thanks and appreciation to the people of Hamlin, Rotan and surrounding communities who rendered aid in any way during the long illness and at the time of death of our darling wife and mother. Especially do we thank our dear neighbors who were so faithful to the end.

Bryan Young and children.

Mr. and Mrs. L. H. McBride and daughter, Anna Margaret, are spending two weeks in the snow-capped mountains of Colorado and New Mexico.
